

PRODUCT DATA SHEET

LITHIUM GREASE

Automotive grease that consists of high quality mineral base oil, with carefully selected additives and extreme pressure additive. Used in heavy load and impact, industrial field, wheel bearing of automobiles off- road and commercial vehicles, agricultural and work machines and central lubricating systems.

Properties

- By preventing rust and corrosion, extends system life.
- Resistant to water and oxidation and has easy pumping feature.
- Prevents the abrasion in terms of heavy and vibrant load.
- Ensures excellent protection against washing with water.
